

School Suits

SPECIAL PRICES.

We expect a great crowd in our children's department tomorrow and Saturday.

Our fall stock is all in—and we have named special prices in honor of "school opening" that you mothers will find irresistible.

Remember!—though our prices are extremely low, we do not handle "trashy" qualities—and everything we offer is thoroughly reliable.

With so much "trash" being offered elsewhere, this ought to prove a welcome assurance.

Don't forget that our children's department is now located on the first floor.

\$1.79

for three styles of all-wool checked cheviot suits, regularly worth \$3.00.

\$2.48

for plain blue and black and fancy cheviot suits, regularly worth \$3.50.

\$3.98

for twenty styles of nobby mixtures, made as well and as good in every way as the \$5 suits elsewhere.

\$4.98

for hard-finished plain and fancy worsted suits, equal to the best shown elsewhere at \$6.50.

Half-price men's suits.

Several hundred men's suits, and a hundred or so youths' suits, carried over from last winter, are being sold at just half what they're marked.

Good styles—and if we wanted to do like other stores we could mix them in with our regular stock and sell them as this winter's styles, but we prefer not.

\$5.00 for the \$10.00 ones.

\$6.25 for the \$12.50 ones.

\$7.50 for the \$15.00 ones.

\$8.25 for the \$16.50 ones.

\$9.00 for the \$18.00 ones.

\$10.00 for the \$20.00 ones.

\$11.25 for the \$22.50 ones.

\$12.50 for the \$25.00 ones.

Upholstery Goods, Lace Curtains, and Carpets

are three of our strongest drawing cards.

We pay special attention to these departments, and make it a point to always carry a better selection than you can find elsewhere.

As a natural result we do a very large business along these lines, and can afford to quote the very lowest prices.

We have very beautiful, new patterns to show you this season.

You are always welcome to open an account with us and pay as convenient.

TRAINING IN WALL STREET

Local Shares Affected by Declines in St. Paul Stocks.

Brooklyn Rapid Transit Breaks Heavily After the Opening Dealings in Wall Street—American Tobacco Strong—General Advances Favor Other Industrial Issues.

NEW YORK, Sept. 14.—The stock market opened active and in the main at advances from the final figures of yesterday, the speculation taking its cue apparently from the London market, which was reported generally strong. No change was made this morning in the Bank of England's discount rate, although the reserves showed a small reduction from last week on account of the shipments of gold to South Africa.

As the opening dealings the local market became rather heavy, being unfavorably affected by the decline in St. Paul stock, which was based upon the misgivings as to the dividend to be acted upon this afternoon. Brooklyn Rapid Transit also broke very rapidly after the opening dealings, the stock reflecting the elimination of the short interest through yesterday's movements. Manhattan Railway was conspicuously strong at the opening on renewal of the reports that the dividends on the stock would be guaranteed by another corporation. American Tobacco was strong and the other industrial issues traded moderately on both sides of the market.

The active stocks this morning were in general the same as those of yesterday. Tennessee Coal and Iron opened at 123 with a small gain over night and fluctuated between that figure and 124 during the hour. Colorado Fuel and Iron was strong, getting as high as 62. Both stocks are again under the influence of the buying of the clique that is manipulating them and more tips of higher prices for them are freely circulated.

American Tobacco was buoyant also under the influence of a rumor. It went above 121 early in the day. Brooklyn Rapid Transit at first was a trifle weak but later it got to the top prices of yesterday and seemed inclined to go higher. Sugar was fairly active and strong.

Among the important gross earnings statement for the first week of September are those of Chesapeake and Ohio and Norfolk and Western. Chesapeake and Ohio shows \$245,000 for the week, an increase of \$9,000. The increase in gross for the period from July 1 has been \$385,519.

"You May Bend the Sapling But Not the Tree."

When disease has become chronic and deep seated it is often difficult to cure it. That is the reason why it is best to take Hood's Sarsaparilla when disease first shows itself. In long-seated, tenacious cases, Hood's Sarsaparilla is also wonderfully successful.
